## Notes from your State Chairman

Summer 2017

Summer has officially arrived!

Next month all of our athlete and pro numbers will expire so be sure to be ready to renew and keep all of your items up to date. The only opportunity for a live local Safety Certification course is this coming Friday up in Washington at the Region 2 Congress site. One more new thing coming our way is All Professional and Instructor members over the age of 18 will be required to complete Safe Sport specific educational training every two years. The required course is titled: [U110 U.S.O.C. SafeSport](#) and is provided complimentary to all USA Gymnas-

tics members. It looks like it is not mandatory until next year but why not go ahead and get ahead of the game?

Our 2017-2018 meet calendar is now up on our website:

[www.usagoregon.com](http://www.usagoregon.com)

Now is a good time to begin setting your Fall meet schedule and start letting clubs know. Meet Directors, as soon as you have your flyers ready send them our way and we will post them on the calendar.

Rosters will be due to me by Sept 15th. This information is needed in order to give the State meet hosts some idea of how many they might expect for that meet.

If your club has changes

in status or changes in coaching staff it is very important to keep your information updated with USA Gymnastics because that is where I go to get my information. Please drop me a note as well so that I can update our website.

One other item that has come to my attention:

Effective August 1, 2017, The mobility scores through the JO Program will move to the following: Level 4 to Level 5 – 34.00 Level 5 to Level 6 or 7 – 32.00 Level 6 to Level 7 – 32.00 Level 7 to Level 8 – 32.00

This may affect those of you who want to compete kids just for a move up score.
